Worried about homelessness?

We can help...

Get help now

If you have been admitted to hospital due to your mental health speak to the hospital's Discharge Liaison Officer if you think housing is going to be a problem.

Our Housing Advice Team will work with you and other organisations to check your housing and support needs and work out the best options for you.

Our team will ask you for proof of any medical or support needs you have. Letters from doctors or benefits you get will be useful.

Get in touch with us as soon as possible as it will be easier for us to help you.

Are you homeless now?

If you don't have anywhere to stay contact us.

We may be able to help you find somewhere to stay for a short while and will look at your needs for the longer term.

Do you need help to stay where you are?

We can work with you to help you stay living where you are. This may include getting you support from other organisations.

If you are under 25 and living with your family, we can put you in touch with someone who can work with you all to help you stay with your family. They will also help you develop your life skills to empower you for the future.

Do you need to move soon?

If you are living somewhere now but need to move soon our team will be able to look at your options, these include buying a house; private renting; social or supported housing .

Worried about money?
