

Request to Planning Inspector to make further amendments to ED57

Following further consideration by officers, Wyre Forest District Council requests that the Inspector makes the following amendments to document ED57:

1. MM6.7 Table 6.0.3 Wyre Forest Settlement Hierarchy Category Villages covered (washed over) by Green Belt. Additional bullet point to be added in final column 'Suitable Development' to allow for limited infilling in villages
2. Additional MM25.3 to accord with NPPF #149 (e) limited infilling in villages. This will then bring the policy in line with Policy 7A, 8C and 18B.

We are content for the Inspector to use the wording as set out in NPPF #149e or a similar form of wording.
